

The Rx for a BAR Clinic

The secret to happy clients and healthy team balance

Conditions treated

Redundant tasks & team burnout

Clinical signs

The same daily redundant tasks, high-volume phone calls, tedious check-in processes and irritating or non-existent follow-up communications.

Treatment course

- ✓ Automated digital forms
- ✓ Automated scheduling
- ✓ Text-based communication
- ✓ Seamless integration with practice management systems

Barriers to better pet care

Financial barriers, poor client compliance, and lack of client loyalty.

- ✓ Customizable membership plans
- ✓ 24/7 teletriage
- ✓ Instant spending accounts for pet parents
- ✓ Long-term discounts.

Bloated financial overhead

Inefficient payment processing, no-shows, high credit card fees, and delayed collections.

- ✓ Flat-rate merchant fees
- ✓ Text-to-pay options
- ✓ Wireless terminals
- ✓ Direct integration with Otto Flow for seamless payment collection.

Benefits

** based on real clinic results and/or averages. Results may vary.

66%

Faster appointment intake process

40%

Increase in Rx sales

\$10,000

Saved on credit card processing per year

2,000

Forms automated per average clinic

50%

Reduction in no-show appointments

60%

Increase in average client transaction

Side effects

- 🐾 Getting things done faster than a cat chasing a laser pointer
- 🐾 Clients that are happier than a dog with two tails
- 🐾 Clinic revenue growing like a puppy on a high-protein diet
- 🐾 Customer support that is more attentive than a cat on a mouse hunt
